Ode to Home

To smell the fresh sap running in the tree again;
To watch the white sails setting out to sea again;
To hear the nuthatch drumming on the bark again;
The hounds of Spring in full cry through the dark again!

To dream the wild impossible dreams of home again;
Moon around . . . make love from a telephone booth again;
To wonder . . . to break your heart over and over again;
To walk all night through the bushed dew-drenched clover again.

To be young . . . to stretch straight up to the sun again;
To be alive in the Spring — and all of sixteen again! . . .
Taste the wind, get the feel of the new-scrubbed loam again.
Now it's Spring and April's in the willows back home again.

Mr. Higgins
August 12, 1962

Dear Soccer Player:

Practice sessions for the 1962 Southern Lehigh soccer team will begin on Monday, August 27 at 9:00 A.M. Practice sessions will be held at the school.

You will need to bring your gym uniform and a towel. You will have to bring towels until towel service begins in gym classes.

Until the beginning of school, practice sessions will be held from 9:00 A.M. until 11:30 A.M. Beginning September 4, the day after Labor Day, until the end of the season, practice sessions will begin at 3:00 P.M. and last until 5:00 or 5:30 P.M.

We have a twelve game schedule this year. Six games are at home and six are away. We open on Sept. 13 at home against North Penn, and we close on Oct. 26 at Wilson Boro. Soccer in no way interferes with winter sports which cannot begin practice until Nov. 1.

Soccer, like any other "body contact" sport is rugged. It requires a certain degree of nerve, good physical condition, and a willingness to work on your part. If you think you have these, you are most welcome to come out and play.

I hope no boy will not come out for soccer because he doesn't know how to play. Soccer is not well known in the U.S. The boys at the other schools we play don't know any more about the game than you. It is an easy game to learn, as there are few rules. It is mostly common sense and being in the right place at the right time.

Enclosed in this letter is a card. Please have your parents or guardians fill in all the information asked for on the side marked "Parents Certificate." The signature of your parents or guardians should be signed next to "Soccer" on the card. Please disregard the side marked "Physician's Certificate." You will have a physical exam here at school.

If you have friends interested in playing on the team, please bring them along. We need managers too.

I hope to see you on Aug. 27 and hope that you are willing to do all that is required to help make a successful team. Last year was a disappointing season. I am sure we will do much better this year.

Sincerely,

Donald R. Lewis
Soccer Coach
My dear friend,

I hope this letter finds you well. I am writing to you with a heavy heart, knowing the pain and suffering that you have been through. Your happiness is what drives me, and I know that you can help me through this dark time.

I have been struggling with my own emotions, struggling to find the strength to go on. But having you in my life has given me a sense of purpose, a reason to keep going. You have shown me what true love is, and I hope that you never lose faith in its power.

Please take care of yourself, and know that I am always here for you. I will always cherish the memories we have shared.

With love,

After a careful and exhaustive survey, the Bureau of Vital Statistics has compiled the following facts concerning the pastime of "horizontal" recreation, commonly known as "Sexual Intercourse."

The average lay consists of about thirty strokes of six inches, or a total of 180 inches, or 15 feet.

If the female takes this 3 times a week, she handles a total of 45 feet a week, 2,340 a year.

There being 5,280 ft. to a mile, she takes half a mile of penis a year.

LADIES TAKE NOTICE

If your husband or boyfriend has a penis less than six inches long then you are getting screwed out of a lot of mileage.
