About the Program

Pre-College Portfolio Prep focuses on the process of preparing portfolios for admission to college art programs. In-depth investigations of media concept development and critical analysis are emphasized. Students will draw from life, exploring the human figure, still life, interior spaces and nature. Expressive art assignments, group and individual critiques as well as visual research, will help guide students through the process of portfolio selection and documentation.

Contact

RIT’s School of Art hosts the Pre-College Portfolio Preparation workshop in the art studios of Booth Hall, on the university campus.
